

**SENIOR MANAGER: IT OPERATIONS AND DEVELOPMENT
 REPORTING TO THE CHIEF INFORMATION OFFICER (CIO)**

Purpose of the Job

- The purpose of the role is to provide leadership in the planning, development, optimisation, and maintenance of the organisation's ICT infrastructure. To ensure the stability, security, scalability, and resilience of all network, server, data centre, cloud, and related technology environments to support organisational performance and strategic objectives. It is responsible for driving infrastructure governance, risk management, lifecycle management, vendor and service provider performance, and the continuous improvement of ICT systems. The role also leads the implementation of infrastructure projects, supports digital transformation, ensures compliance with ICT policies and standards, and enables efficient, secure, and reliable technology services across the organisation.

Key Performance Areas

- Develop the IT infrastructure strategy and provide input into the Enterprise Architecture.
- Implement infrastructure projects as outlined in IT strategy implementation plan.
- Input in the annual review of ICT and Knowledge Management strategy.
- Research and propose hardware and/or software solutions to accomplish business objectives
- Manage and provide guidance in implementation of IT projects (IT)
- Tactical planning, development and management of budget for data centre and network operations, applications, software, etc.
- Provide input into the business case development and evaluation in support of proposed technology initiatives.
- Develop IT-related infrastructure policies, procedures, IT governance frameworks and best practices.
- Manage the implementation of the policies, procedures and framework to ensure compliance to corporate governance framework.
- Identify and manage top IT operational risks with mitigating controls and actions.
- Review of the IT risks against mitigating controls and actions delivery dates.
- Develop detailed and IT operations annual and quarterly reports.
- Develop IT Network, infrastructure and data centre documentation design/compliance documentation.
- Respond and manage the actioning of IT infrastructure-related audit findings.

Board: Mr. Abel Mawela (Chairperson), Mr. Michael Seloane, Ms. Molatelo Rapetsoa, Ms. Nalini Maharaj, Mr. Siyabonga Mabaso, Ms. Yongama Pamla-Dhludhlu, Mr. Lebelo Maloka, Mr. Lourens Swanepoel, Mr. Benny Makgoga, Ms. Lebogang Mogakabe, Mr. Ntshenki Mofokeng, Mr. Robert Hendrikse, Ms. Dorothy Mabuza (CEO).

Company Secretary: Ms. Mahlatse Ralefeta.
